DIGITAL, DATA & ENERGY «IT'S A KIND OF MAGIC, IS IT?»

- (1) Data is around, vast and growing in energy. It has always been.
- (2) Much data is hardly accessible for (eligible) third parties. «It never needed to...»
- (3) Innovation and new services are build on data, e.g. PERLAS.
- (4) We need to unlock the vast potential of data for more/faster innovation
→Open Energy Data.
- (5) But toxic cocktail: Uncertainty, Fear, Incentives, Responsibility Know How
