

Energy Efficient Buildings: Accelerating the transition

1st February 2024 from 13:15 to 17:15 in Bern at *Welle7*

The Swiss Federal Office of Energy is hosting a workshop to discuss innovative socio-economic solutions to accelerate the transition towards energy efficient buildings. Researchers will present work funded by the research programs 'Energy-Economy-Society' and 'Buildings and Cities' and discuss recommendations with stakeholders. The workshop provides a platform for exchanges between practitioners and research. [Please Register Here](#)
