

Energy Efficient End-Use Equipment (4E)

Dr M. Moser / R. Brüniger

4E

■ Aim of TCP:

- Improving the efficiency of appliances and equipment;
- Initiating of projects designed to meet the policy needs of participants.

■ Current topics / annexes of TCP

- Electric Motor Systems Annex (EMSA)
- Solid State Lighting (SSL)
- Electronic Devices and Network Annex (EDNA)
- *Power Electronics Conversion Technology Annex (PECTA)*
- Different collaborative projects
