

IEA Photovoltaic Power Systems Programme (PVPS)

Stefan Oberholzer

- Int. collaboration to facilitate the role of PV as a cornerstone in the transition to sustainable energy systems
- 32 members (27 countries, EC, SolarPower EU, SEPA, SEIA, Copper Alliance)
- Topics:
 - Strategic PV Analysis and Outreach (Task 1)
 - PV in Developing Countries (Task 9)
 - Environmental, Health & Safety (Task 12)
 - Performance, Quality & Reliability (Task 13)
 - PV Systems in Electricity Grids (Task 14)
 - Building Integrated PV (Task 15)
 - Solar Resources (Task 16)
 - PV and Transport (Task 17)
